

Program Safety Plan

PROGRAM NAME: Kicker/Slugger – Soccer

The following safety sheet has been created to share important information to keep participants and instructors safe. If you have any additional questions, please contact the Program Supervisor:

Gina Robinette

Recreation Program Supervisor

Program has been modified:

All Kicker/Slugger program plans are created with CDC and MDH guidelines, social distancing, and safety in mind. Each game, drill and activity will have specific directions on how to implement with social distancing and what cleaning procedures are to happen during and after.

3 year old and 4-5 year old Kicker/Slugger programs have been modified to be parent/participant programs. We do ask that one parent/guardian partake in the program with their participant to assist with skill development, hands on contact when needed, to better avoid sharing of equipment and to assist with social distancing during program.

A full Kicker/Slugger newsletter will be sent out to participants prior to the start of program with further details on modifications.

Arrival and Departure Information:

Check in

- Staff checks in with parent/guardian at a designated location at one end of the field.
- Parent/guardian and participants are asked to follow social distancing when checking in
- Once checked in the staff will direct the participant to their station for the day
- Secondary staff will be by stations to assist in directing to each station as participants show up.
 - They will kick the ball back and forth with each participant, lead an activity, or begin stretching.

Check out

- Participants will be dismissed one at a time from their station to ensure social distancing once program is completed
 - Staff will go to each station and give a “no-contact” high five to each as an ending/dismissal.

Participant Pre-Screening

Participants are responsible for pre-screening for COVID-19 symptoms prior to arriving at an activity. Please see the attached PDF for COVID-19 Exclusion and symptoms. Participants who have or live with someone who displays symptoms of COVID-19 or have a fever of 100.4 or above should stay home and not attend the program/activity. Parents should screen their children prior to bringing them to an activity which includes a temperature check. Upon arrival, an instructor will ask if the participant has been screened and if symptoms exist. If participant has not been screened or if there are symptoms, participants will not be allowed to stay or participate.

Symptoms of COVID-19 can include cough, shortness of breath, fever, chills, headache, muscle pain, sore throat, or loss of taste or smell. Other less common symptoms include gastrointestinal symptoms like nausea, vomiting, or diarrhea. These symptoms may appear 2-14 days after you are exposed to the virus that causes COVID-19. Not everyone with COVID-19 has all of these symptoms, and some people may not have any symptoms.

Talk to your health care provider if you have questions or concerns about symptoms.

Spectator Information:

In order to stay compliant with CDC and MHD guidelines as well as ensure a secure and clean environment for campers and our staff, we ask that families please limit the amount of spectators at program.

3 years old and 4-5 year old programs -

- 1 parent/guardian will be asked to participate in program with participant
- Additional spectators who attend program they will be asked to follow social distancing protocols and will not be allowed to interact in the program at any point.
- Cones/painted lines will be set-up to indicate where parent/guardians should and should not sit when spectating
- A sign will also be posted to remind them to sit behind designated cones/lines and abide by social distancing

6-7 and 8-11 years old programs -

- We ask that parent/guardians minimize attendance at program
- All spectators that do attend program they will be asked to follow social distancing protocols and will not be allowed to interact in the program at any point.
- Cones/painted lines will be set-up to indicate where parent/guardians should and should not sit when spectating
- A sign will also be posted to remind them to sit behind designated cones/lines and abide by social distancing

Basic Cleaning Information:

All Kicker/Slugger staff will be following a daily cleaning log and protocols to ensure a safe and healthy environment. These protocols included but are not limited to;

Disinfecting of all equipment -

- Soccer balls will be disinfected and the end of the shift (morning and evening)
- Each session will have their own set of equipment, therefore it will be the same participants using the same equipment each session.
- All equipment will be disinfected at the end of the shift so it is ready for the next time it will be used.

Hand Sanitation –

- All participants will be asked to sanitize their hands, using hand sanitizer available at program, following any games, drills, or activities that involves sharing of equipment.
